TECH SESSIONS

(Tech sessions can be a get-together of members to help a fellow club member with a specific problem or a task that requires, or is easier, with one or more helpers. A Tech session can also be a meeting where a member, or non-member, with some particular skill or expertise demonstrates how to accomplish a particular task. Tech Session attendees may be helpers, teachers, learners, tool suppliers or any combination of the above. Tech session hosts usually supply light refreshments. Beer is recommended.

If you would like to host a tech session please send notification to Ron Borden at rborden@gvtc.com as far in advance as possible, but no less than one week ahead of the session date. Your request will be forwarded to all members on the *Rumblin's* e-mail list.)
